To better serve the 4-H Horse Program rule change suggestions, etc., should be submitted to the Judges and Rules Committee at either the March (Leadermete) meeting or July (State Contest) meeting. The Judges and Rules Committee will determine the best way to incorporate the suggestions into the program.

If approved by the Judges and Rules committee, the rule/program change will come forward for vote at the September (State Western Show) meeting to be voted on by the delegation of county reps (1 vote per county).

Rule changes, etc. proposed for the 1st time at the September meeting will automatically be referred back to the Judges and Rules Committee for action the following September. Only in the case of immediate need will rule changes take place in any other time frame.
